<sup>\*</sup>Kaiser remains on a q4 call schedule for R2s and R3s, all other services are on a day/night system of coverage (typical ratio is 3 wks days/1 wk nights)

<sup>\*</sup> During ambulatory rotations, weekend coverage is usually 2 weekends/month

<sup>\*</sup> All residents guaranteed at least 1 month (most receive 2 months) of call free elective (without weekend coverage) in which away travel is possible
